Imagine your own private swimming pool, installed just steps away, set to the temperature you desire, with less chlorine than drinking water -- a pool that can be installed virtually anywhere, indoors or out and used year-round for lap swimming, aqua aerobics, hydrotherapy and family fun.

“WE ABSOLUTELY LOVE OUR  
ENDLESS POOL. IT GIVES US  
GREAT EXERCISE OPPORTUNITIES.  
THE WHOLE FAMILY GET TO  
ENJOY IT AND GET FIT AT THE  
SAME TIME!”

Introducing, the Endless Pool, the intelligently designed swimming pool for today's world. The Endless Pool is the small pool with BIG benefits! Since 1988, tens of thousands of customers worldwide have realised the benefits of daily aquatic exercise, in the privacy and convenience of their own homes, now it's your turn.

Endless Pools are ideal for:

- SWIMMING & AQUA AEROBICS
- HYDROTHERAPY
- TRIATHLON TRAINING
- FAMILY FUN
- PURE ENJOYMENT

CENTURION LEISURE are proud to be Endless Pools premiere pool dealer for your area.

As traditional pool builders with over 50 years experience Endless Pools' recognised that as a company we are perfectly positioned to deliver the level of build quality, technical expertise and after sales care that they demand worldwide from their preferred dealerships.

Double Olympic Gold medalist, Alistair Brownlee using an Endless Pools aquatic cross trainer.

Within this brochure you will find our four main product groups. The pool that started it all, **The Classic**, the perfect swim exercise pool for almost all households. **The Challenger** is the upgrade pool for those that prefer a more vigorous exercise regime in their lives. **The Cross Trainer** is ideal way to enjoy your daily run within the confines of your own pool. This is particularly good for recovery work as there is much less impact on muscles and tendons etc. whilst running in water and therefore leads to less muscle soreness and quicker recovery and rehabilitation.

Finally, for more commercial purposes we have **The Elite**, a counter-current swimming machine that revolutionises swim instruction. The Elite offers a unique opportunity to analyse every element of their swimmers' stroke, while providing both coach and athlete instantaneous, real-time feedback via multiple adjustable cameras and mirrors. Most importantly, the Elite is fast, strong and smooth.

# ENDLESS POOLS - CLASSIC PACKAGE

All the benefits of traditional swimming pools in a fraction of the space.

The first Original Endless Pool swimming machine was installed in 1988. It made in-place swimming not only possible, but pleasurable and convenient. Since then, we've evolved that design into what you can own today: the best, most cost-efficient swimming machine on the market.

# ENDLESS POOLS - CHALLENGER PACKAGE

The Challenger custom-designed two-propeller system delivers a superior swim from its larger swim outlet grille. It's faster (or not). Power it up to its demanding top speed of 1:11/100m, or at the push of a button, slow the current down to a gentle pace. It's smoother. Many swimmers even call it "soft." We can get technical about the propellers' counter-rotation, but it all comes down to this – the current just feels better!

## MODEL

Performance Endless Pool: Two Propellers, 5 Hp, system. 1:11/100m Top Speed. Larger swim outlet grill than the Original – Wider, Deeper, Smoother.
