POLYCARBONATE

UV PROTECTION

ALUKOV is introducing a new range of low cost enclosures. Do not be limited by boxed solutions with few given sizes. Azure range is still tailor made to your pool and needs. You can choose from three shapes low, medium and super low with two types of polycarbonate fillings and choice of two colours of the aluminium frame.

WHY TO CHOOSE AZURE?

- Alukov uses polycarbonate, (unlike SAN perspex) is hailstone resistant, will not discolour or get brittle, 10 years warranty
- UV stable polycarbonate
- Tailor made to fit your pool (choose your size)
- Wind resistant
- Strong aluminium structure
- Beautiful colours to choose from: silver, anthracite
- Modern sealing system between segments – no scratch system
- Lockable segments, safety features
- Rounded aluminium extrusion
- Flat rails – only 14mm high
- Easy glide system
