ONE PIECE POOLS

Quite simply the quickest way to complete your pool build

D E S I G N | C O N S T R U C T I O N | I N N O V A T I O N

Imagine your own private swimming pool, built and constructed to your own personal specifications. Now imagine that same pool installed and ready to use in under one week!*

The same as a traditionally constructed pool with the all the same key elements and benefits. The same heating system, the same plant storeroom and the same level of finish...just quicker

Introducing Centurion Leisure's **Aquadream** ONE PIECE POOL. An exciting new option to get you the pool you want, when you want it!

“ FROM CONCEPT TO COMPLETION
VIA THE QUICKEST POSSIBLE
ROUTE! TAKE THE HASSLE AND
STRESS OF HAVING YOUR BACK
GARDEN LOOKING LIKE A BUILDING
SITE FOR 4 WEEKS! ”

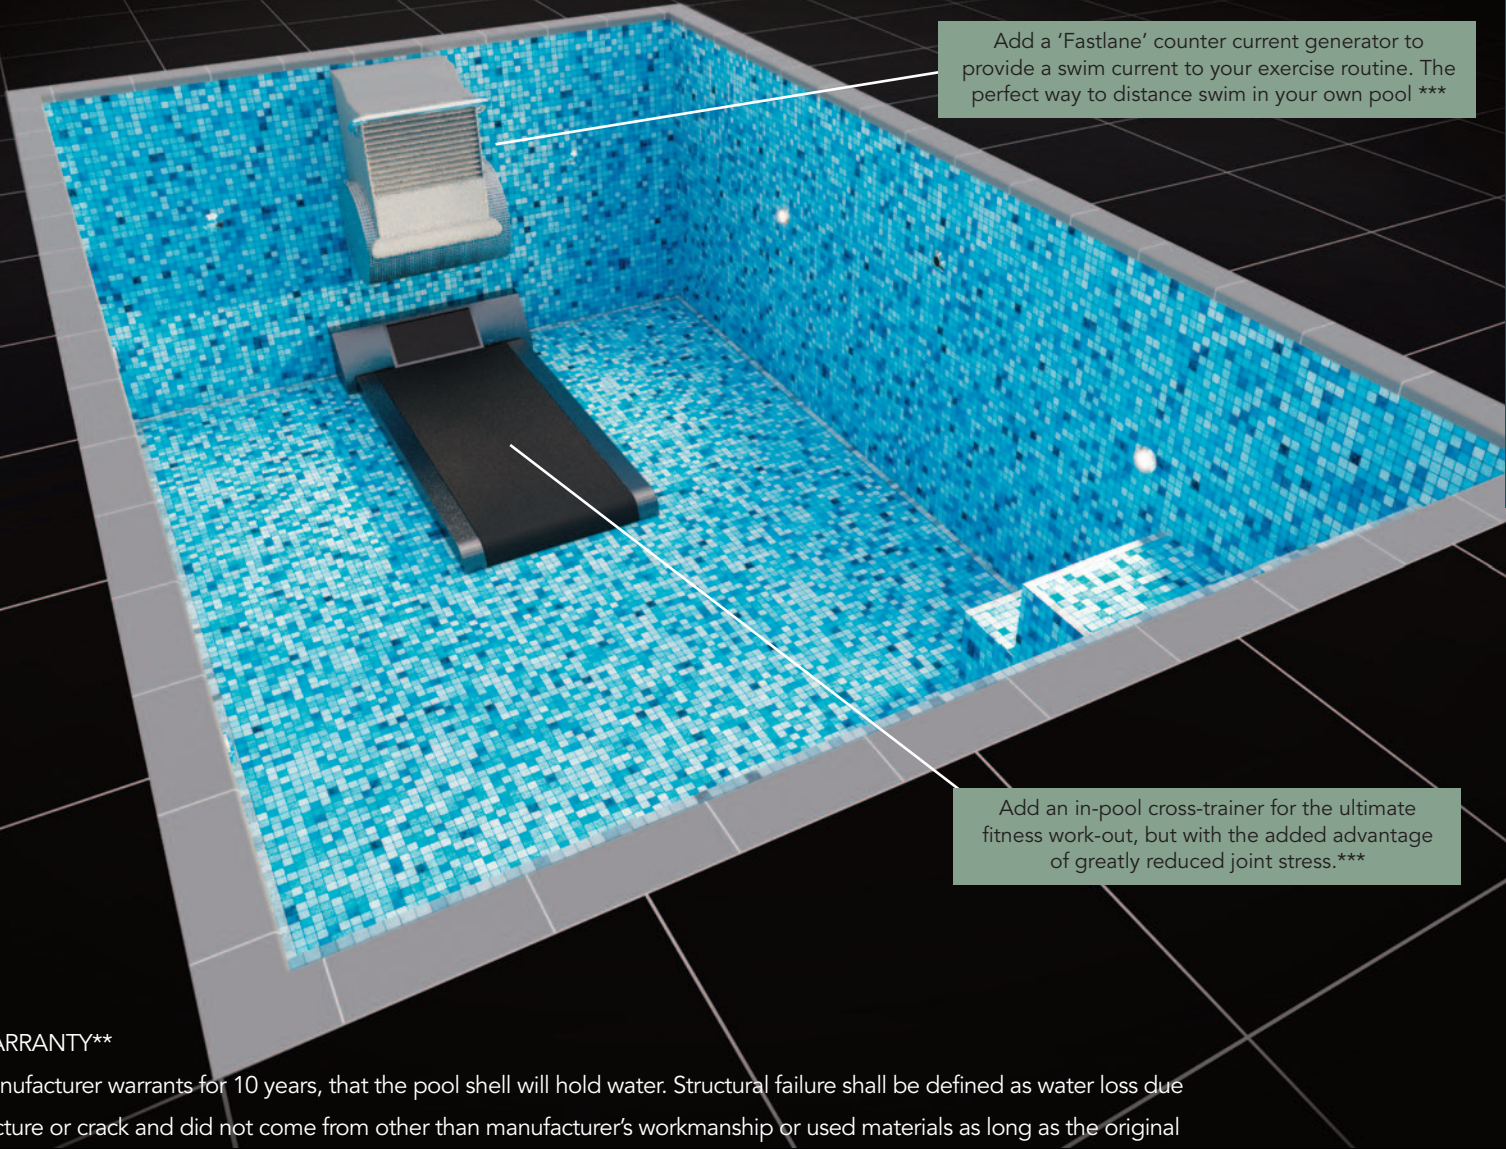

Conceived by expert swimming pool designers, we at Centurion Leisure can deliver a luxury fully mosaic tiled pool to your door in 'one piece' dramatically reducing installation time! Manufactured in a controlled environment using the latest composite technology.

All pools are tiled by expert professionals and all are supplied with light(s), inlets and suction fittings ready for connection. Consisting of GRP

lamination, Ceramic tiles, 75mm PU foam insulation a high quality pool is created comparable to a gunite concrete structure. Constructed within a 15,000 sqm manufacturing facility that is capable of dealing with high volumes to meet project requirements, providing a complete turnkey service from consultation and design to mould creation through to manufacturing.

Choose your swimming pool or spa from an extensive range of shapes and sizes or contact our design team who can work with you to custom build to your exact requirements, turning your vision into reality.

Add a 'Fastlane' counter current generator to provide a swim current to your exercise routine. The perfect way to distance swim in your own pool ***

The *Aquadream* ONE PIECE POOL

The fast, simple, and efficient way of installing a full-length mosaic tiled pool into any area.

Unlike the traditional concrete pool method, the one-piece Pool is as simple as excavating a hole, installing a concrete slab then simply dropping it in to place to be installed. This dramatically reduces the total time of the project whilst maintaining the quality and finish of a mosaic tiled swimming pool.

Add an in-pool cross-trainer for the ultimate fitness work-out, but with the added advantage of greatly reduced joint stress.***

WARRANTY**

Manufacturer warrants for 10 years, that the pool shell will hold water. Structural failure shall be defined as water loss due fracture or crack and did not come from other than manufacturer's workmanship or used materials as long as the original buyer owns the pool.

Manufacturer warrants for 5 years, that pool tiles will hold on pool shell surface. Pool tiles and pool tile adhesive and grout is chosen and supplied by the Manufacturer.

* Assumes our standard sized pool into an easily accessible area

** Terms and conditions apply

*** Available on Aquadream 5 and Aquadream 6 pool sizes only - please contact us for full information

“FROM CONCEPTION...TO CONSTRUCTION.
QUICKER THAN EVER BEFORE!”

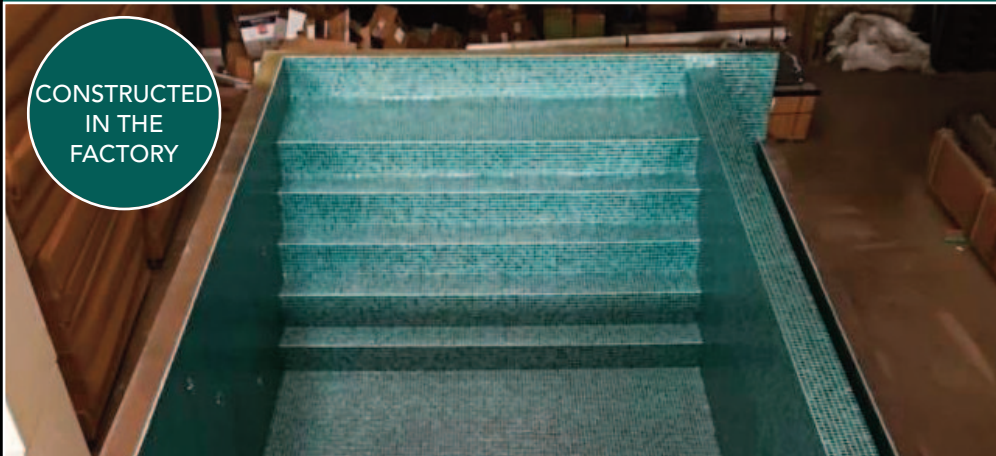

OUR PLANNING SERVICE MEANS YOU
GET COMPLETE PEACE OF MIND
Our pool supplier will assist in turning your designs
into reality. We can work with your drawings and plans
or provide concepts based on your ideas to achieve
the desired result.

DRAWINGS & STRUCTURAL CALCULATIONS

To ensure everything is perfect with your design, our
experts create full CAD drawings giving you all the
dimensions you need to ensure everything will fit with
precision. We can provide structural calculations for
standard and bespoke design

DIARY OF A PRE-FABRICATED ONE PIECE POOL DELIVERY

To help illustrate how quick and easy the delivery and siteing of a new fabricated swimming pool could be - on this page is a typical timescale for delivery, offload and placement. Obviously timings can vary according to location and ease of access, but this shows just how straightforward having a pre-fabricated pool can be. All pools are fully tiled at the factory together with all the relevant integrated fittings to allow for a simple hook-up to the pool room once in place.

THE *Aquadream 5* ONE PIECE POOL

The *Aquadream 5* is our one piece 5 metre x 3 metre or 5 metre x 3.8 metre pool.

Each of our *Aquadream 5* pool installations is a 'swim spa' and will feature a fastlane current generator which allows you to swim or exercise against a broad, deep current that's adjustable to any speed, stroke or ability.

Below (bottom right) is a typical working architectural drawing showing the 5 metre x 3 metre pool and illustrating some of the installation options available. For example a 'fully in ground' and further variations on that including 'fully above ground'.

ADDITIONAL OPTIONS - POOL COVERS

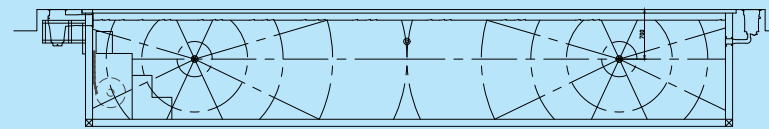

CoverX pool covers are unlike their ordinary counterparts, the innovative design contours perfectly to the shape of the pool, while the foam filled slats provide maximum insulation. Manufactured to be 7x stronger than the industry standard and foam filled, the cover not only offers the highest levels of safety but requires next to no maintenance as it is impervious to heavy weather conditions.

FASTLANE CURRENT GENERATOR

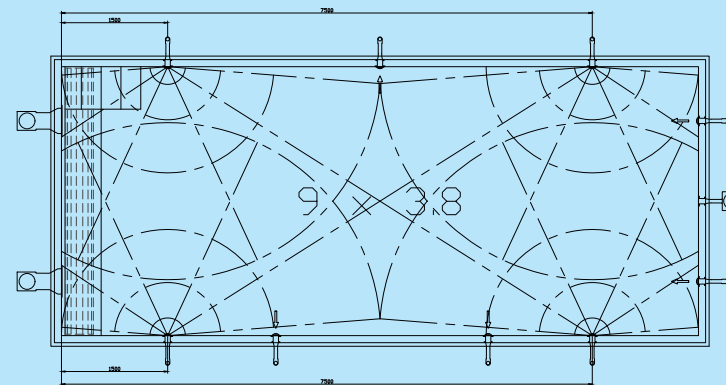

Turn your pool into a swim spa' with a fastlane current generator which allows you to swim or exercise against a broad, deep current that's adjustable to any speed, stroke or ability.

DUE TO THE LIGHTWEIGHT MATERIALS USED IN THE BUILD AND STRONG STEEL STRUCTURE, *Aquadream 5* CAN BE INSTALLED BOTH ABOVE OR BELOW GROUND.

Sizes shown are shown for guidance and may differ from actual finished working drawings.

CENTURION LEISURE
Aquadream
ONE PIECE POOL PLANT ROOMS

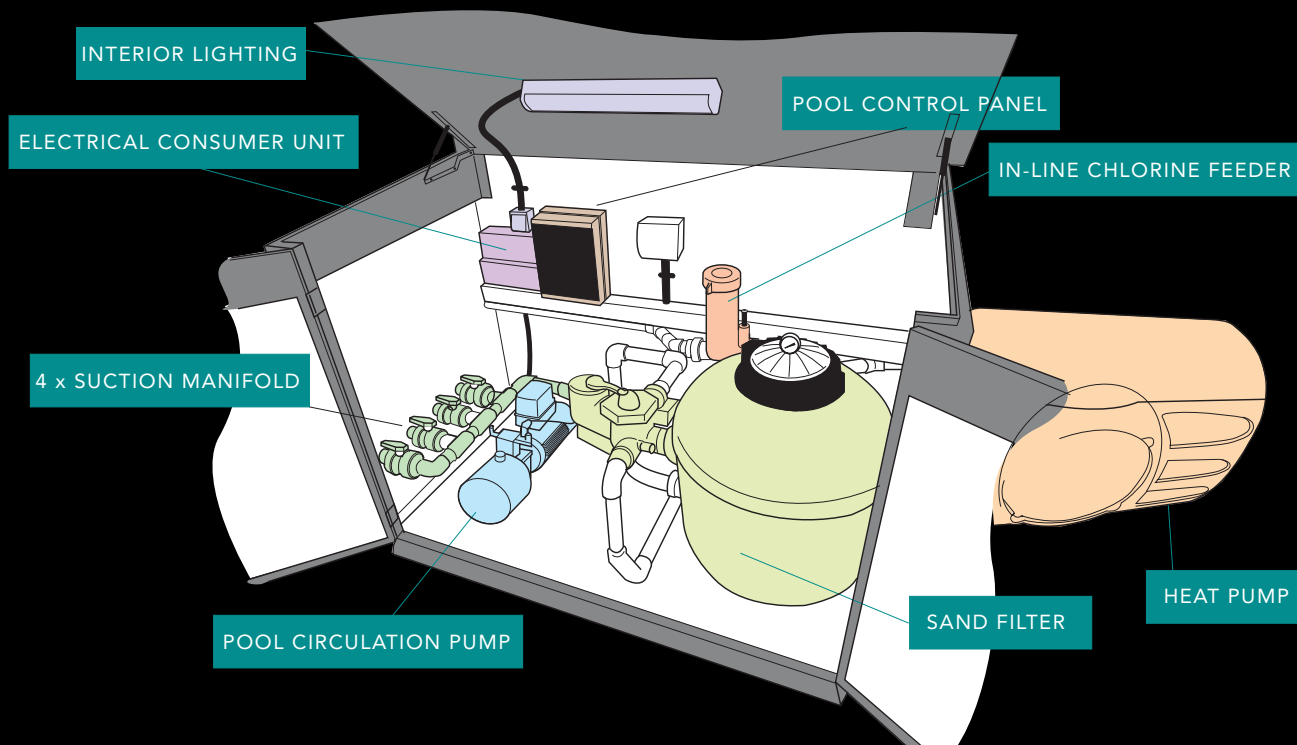

A complete pool plant room set in its own self contained unit and constructed, equipped and installed by our own Centurion Leisure pool engineers for the perfect fit for your pool.

This innovative pool side solution is unique to Centurion Leisure. Our one-piece pool plant rooms are designed and built in-house ready to be transported to site and connected quickly, easily and effectively. Which means you can rest assured you will have the perfect pool plant room for your perfect pool.

The advantages of a one-piece pool plant room are obvious, less time on site trying to fit all the pool plant into an existing space (and all the problems that can arise with doing that). The pool room can also be located for optimum efficiency and its smart outward appearance completely hides all the electrics, pumps and filters from view.

This all-new product from Centurion Leisure is the perfect answer to many pool-side applications both new and existing. Contact us for our competitive pricing guide.

THE *Aquadream* ONE PIECE POOL PLANT ROOM

The simple and stylish solution to your new pool plant room. Constructed, equipped and installed by Centurion Leisure.
