Spa Brochure

Designed for the world

Earth Spas is based in United Kingdom, with dealers worldwide. The Earth Spas range has been conceived and manufactured with a vision of being more ergonomically and environmentally friendly than any other hot tub.

“We have thought of everything to ensure everyone can enjoy the ultimate hot tub experience. So enjoy the world of the hot tub at best, we look forward to you joining us.”

CREATED WITH FEELING

Every curve, every contour and every angle is defined by our intimate understanding of what you, our customers, want to feel every time you sit in one of our brilliant hot tubs. It's ergonomic design in its ultimate form.

BRITISH DESIGN

Designed in the United Kingdom and incorporating the latest energy efficiency technology, Earth Spas are comfortable, durable, packed with all the latest features and built to withstand years of constant use.

UNPARALLED QUALITY

All spas are assembled for each unique customer with meticulous precision. The best materials and components are sourced from world-leading suppliers, whose standards of excellence, both technologically and ethically are respected industry-wide.

Inspired by great natural landmarks

From Mount Erebus in the Antarctic to Uluru in Australia, at Earth Spas we take our inspiration from the natural wonders and landmarks around the world. Whether you are relaxing in Ha Long Bay or unwinding in Kouri, let Earth Spas hydrotherapy jets soothe and ease away any stresses and strains.

Our Director at Earth Spas, cares passionately about producing a luxury product that makes every effort to look after our planet;

“The Earth Spas range was designed with a vision, to offer a healthy, fulfilling experience that enriches people’s lives, but just as important to us, is that every effort and consideration is given to supporting the environment, through material choices and efficiency in manufacture, and providing energy saving solutions that dramatically cut usage and costs. Earth Spas is a range of hot tubs unlike any other”.

- Darren Waters, Managing Director Earth Spas

Energy efficiency means ...

... wellbeing for planet Earth too

Efficiency in heating, cooling and saving money

All Earth Spas hot tubs are Eco Smart73 ready, so you can upgrade and save up to 73% on running costs. It also helps to save the environment too. The ASHP is an intelligent energy solution that requires remarkably little energy – just 0.9Kw – in order to produce 5Kw, which is enough to heat and cool all year round.

Committed to improving the wellbeing of people and the health of our planet, Earth Spas is proud to be at the forefront of energy efficient hot tub design and manufacture. The range has been conceived through a vision of being both ergonomically and environmentally friendly. So when you choose Earth Spas, the world benefits too.

To optimise energy efficiency, all Earth Spas come with reflective triple layered insulation as well as a lightweight interlocking cabinet, maximising use of all energy created.

ECO-FRIENDLY SOLUTION

The latest air source heat pump uses the most environmentally friendly R32 refrigerant, reducing the amount of power used in the smartest way. Compared to a standard electrical fitting, this system allows you to save up to 73% in energy costs.

SMART CONTROLS

With 6 different modes that not only heat but also cool your spa, you can relax in perfect water temperatures, no matter the weather. The smart modes also make sure your spa is working in the most intelligent way, so you optimise on your savings.

EASY TO INSTALL

Eco Smart73 is a fully integrated system and a plug and play solution, so being more eco-friendly has never been easier. There is no need for additional power circuits, and everything is controlled simply with a touch on your control panel.

All Earth Spas are also compatible with alternative VIAN Power heaters.

With temperatures from -10o to 43o, a full inverter and operating sounds between only 32dB to 45dB, these pumps are specifically targeted for retrofit Hot Tubs and Swim Spas and are available in 5KW, 7KW and 9KW models as "Standard" or "Plus".

With the simple touch of your smart control pad, select the Advanced Flow Hydrotherapy setting that's right for you. From a relaxing and deeply soothing massage to a powerful and intense full hydrotherapy session across your entire body, the choice is yours.

From your neck to your toes, feel all the aches and pains drift away, giving you a hydrotherapy experience you'll want to return to, again and again.

Extensive Warranty to keep you relaxed

SPA STRUCTURE & SHELL SURFACE WARRANTY

10-years structural warranty:

The manufacturer warrants the stainless steel structure of the spa against defects in workmanship or materials for a period of 10 years from date of delivery subject to the limitations and conditions expressed in this warranty.

5-years warranty on the acrylic shell structure:

The shell will maintain its structural integrity and configuration and will be free of any water loss due to a defect in the spa shell.

3-years warranty on the shell surface of the spa:

The manufacturer provides a 3-year warranty against blistering, cracking and delamination.

SPA PLUMBING & COMPONENT WARRANTY

2-years warranty on spa control box & display module:

The manufacturer warrants the display and the spa control box against defects in the materials and workmanship or any defect for two years. This is with the exception of fuses, bulbs and gaskets which are deemed as perishable and replaceable items.

2-years warranty on spa electrical heater:

The manufacturer warrants the heater against defects in materials and workmanship for a period of 2 years from date of delivery. This warranty is limited to the supply of replacement parts. This warranty does not cover damage to heaters caused by an incorrect water balance resulting in the heater being subjected to abrasive/acidic water.

2-years warranty on spa heat pump:

The manufacturer warrants the heater against defects in materials and workmanship for a period of 2 years from date of delivery. This warranty is limited to the supply of replacement parts. This warranty does not cover damage to heaters caused by an incorrect water balance resulting in the heater being subjected to abrasive/acidic water.

2-years warranty on spa pumps:

The manufacturer warrants the spa water pumps against defects in materials and workmanship for a period of 2 years from date of delivery. Sudden and consistent water loss must be reported to the seller as soon as possible. Damage to the pump motor caused by a pump leaking for an extended period without notifying the seller will not be covered under this warranty.

2-years internal plumbing warranty:

The manufacturer warrants the plumbing, piping and plumbing joints against defects in materials and workmanship for a period of 2 years from the date of delivery.

1-year warranty on other electrical items:

The manufacturer warrants the factory installed Bluetooth music module, speakers, amplifier and sub-woofer, spa ozone module, the LED light assemblies, which consists of all lights within the spa, including the main light and lighting of any water feature, to be free from defects in materials and workmanship for 1 year.

SPA FURNISHINGS & PLASTICS WARRANTY

2-years warranty on spa jet internals:

The manufacturer warrants jet internals to be free of manufacturing defects for a period of 2 years from date of delivery. This warranty excludes bearings damaged by grit, sand and improper water chemistry causing corrosion of the part and is limited to the supply of replacement parts after the faulty part has been returned to the manufacturer for warranty inspection.

1-year warranty on plastic control parts:

The manufacturer warrants the plastic control parts such as diverters and air controllers against defects in materials and workmanship for a period of 1 year from the date of delivery. This warranty excludes damage by grit, sand and improper water chemistry causing corrosion of the part and is limited to the supply of replacement parts after the faulty part has been returned to the manufacturer for warranty inspection.

1-year warranty on THERMOCLAD cabinet & spa step:

The manufacturer warrants the THERMOCLAD spa cabinet and step against defects in materials and workmanship for a period of 1 year from the date of delivery. This warranty specifically covers the structural integrity of the cabinet, namely peeling, splitting, cracking, warping. The THERMOCLAD spa cabinet and step finish is warranted to be free from defects in materials and workmanship at the time of initial delivery. Fading and weathering of the surface will occur naturally over time and are not considered defects.

1-year spa hardcover warranty:

The manufacturer warrants the SPA hardcover against defects in materials and workmanship for a period of 1 year from the date of delivery. This warranty applies only to the structural integrity of the cover and the vinyl. Damage caused to stitching, straps or locks due to improper use of the cover will not be covered under warranty. Disposal of any cover replaced under warranty will be the owner's responsibility.

90-days warranty on all other fixtures and furnishings:

The manufacturer warrants all other parts not previously mentioned for 90 days from the date of delivery. This applies to items such as filter housing, topside display sticker. Items that can be replaced without the use of a tool such as filter cartridges, filter lid, spa pillows, cover locks etc. are not included in the warranty but are warranted to be free from defects in materials and workmanship at the time of delivery.

***Warranty limitations apply. To see the full comprehensive warranty, contact your local dealer or visit www.earthspas.com/warranty**
